“Seinen” manga

“Ibitsu” Urban Legend

“An urban legend in Tokyo states that at midnight, a girl dressed as a lolita will appear and ask you one question. You mustn’t answer this question, however, for if you do the girl will come to be your younger sister. She will say that she has finally found her big brother, and insinuate herself into every aspect of your life... until she finally gives you a “twisted” death.”

FMA

Similarities

- expressions
- plain main character
- action lines

Differences

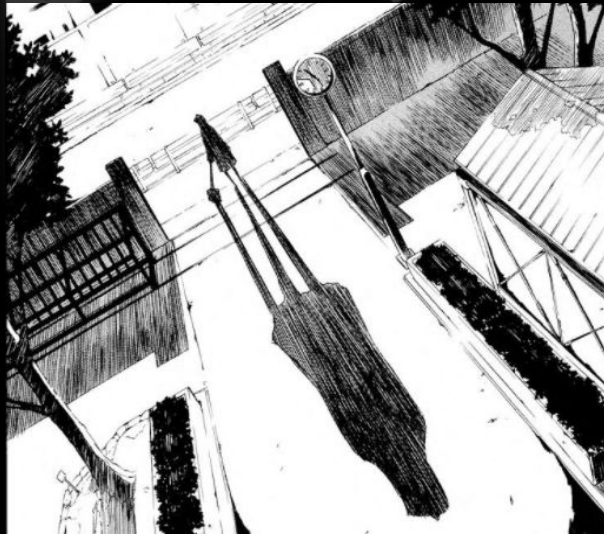

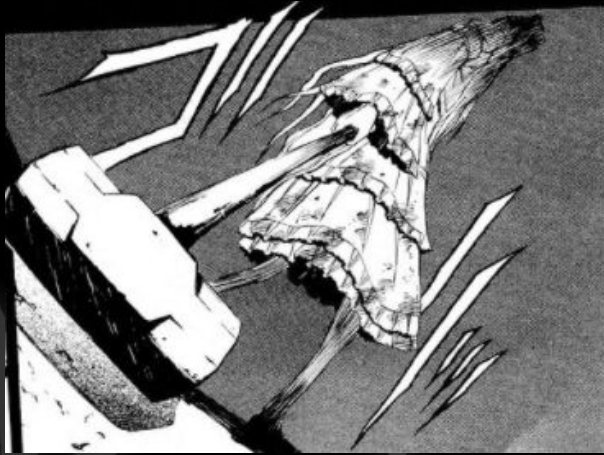

- grittier lines
